The Chief Education Officer (Winter Zone)
Jammu Division

Subject: Online Orientation/training of teachers (winter zone schools of Jammu Division) about NCERT developed Tamanna Aptitude Test.

Respected Sir,

Apropos the subject cited above, directorate of school education Jammu (DSEJ) have decided to launch aptitude testing for the secondary wing students (IX & X) of government schools. 'Tamanna' (Try and Measure Aptitude and Natural Abilities) an aptitude test has been developed by National Council of Educational Research and Training (NCERT) under the aegis of Ministry of Education (MoE), Government of India.

The aptitude test covers seven areas of Language Aptitude (LA), Abstract Reasoning (AR), Verbal Reasoning (VR), Mechanical Reasoning (MR), Numerical Aptitude (NA), Spatial Aptitude (SA) and Perceptual Aptitude (PA) along with Technical Manual.

Tamanna aptitude testing will help our educators to understand the uniqueness of each learner. Students differ in terms of their physical as well as in their psychological attributes like intelligence, aptitude, interest, and personality. The testing will provide information related to the strengths of students and ultimately facilitate them in taking appropriate academic choices and other career related decisions, she further added.

Pertinent to add here that DSEJ has already conducted offline Tamanna Aptitude Testing in District Udhampur on pilot basis in the first week of January, 2021, in which 114 students already been oriented with generation of reports for analysis by more than 10 teacher counselors.

In order to formally introduce aptitude testing, it is necessary to train our faculty counselors working in secondary & higher secondary schools (9th & 10th), about testing manual, key, report generation & analysis in context of Tamanna Aptitude Test. So, accordingly the teachers of winter zones (under winter vacations) will be given training as per the schedule given below:
